

PLAZA

FOR METAL INDUSTRIES

product catalogue

MADE IN EGYPT

ABOUT PLAZA

- Plaza launched its early production in 2006 with the first line of stainless-steel kitchen sinks made of the best materials according to the European Union standards.
- In 2010, Plaza managed to expand its new production line for stainless-steel water tanks utilizing a state-of-the-art technology.
- In 2014, Plaza went the extra mile for qualitative expansions in sanitary ware, bathroom accessories and kitchens with an integrated up-to-date factory producing copper-plated brass sanitary ware.

OUR GOALS

- Contribute strongly and effectively to the rise of Egypt's national economy
- Achieve customers' total satisfaction
- Conquer new markets
- Raising the efficiency of employees
- Maintain the security and safety of employees
- Continuous improvement of internal processes

VISION

To become the leading company of metal industries in Egypt and Middle East, as well as help in developing Egyptian products versus the imported, moreover globalizing our products by exporting.

MISSION

We strive to have competitive power through the diversity of our products and constant development in both copper and stainless-steel accessories, along with the continuous and persistent developing of high-quality products.

VALUES

At Plaza, we believe in teamwork. We work to provide a supportive, healthy and solidarity-based work environment as our team's unity is the secret of our success, and we are constantly striving for constant improvement and development, thereby enhancing our competitiveness and gaining the confidence of our customers.
